General Intelligence and Reasoning

Master General Intelligence for SSC CPO Success!

DEFINITION

> General Intelligence and Reasoning involves logical thinking and problem-solving skills. It's crucial for SSC CPO exams to assess candidates' analytical abilities.

KEY CONCEPTS

Logical Reasoning

Involves drawing conclusions based on premises or given information.

Verbal Reasoning

Focuses on understanding and reasoning using concepts framed in words.

Non-Verbal Reasoning

Involves solving problems using visual representations, such as patterns and shapes.

Analytical Reasoning

Involves breaking down complex information into simpler parts to understand relationships.

Syllogisms

Logical deductions based on two or more premises to arrive at a conclusion.

EXAMPLES

→ If all cats are animals and some animals are dogs, are some cats dogs?

→ Identify the next number in the sequence: 2, 4, 8, 16, __.

→ Which shape completes the pattern: circle, triangle, square, circle, triangle, __?

MEMORY TIPS

★ Use the acronym 'LAVANS' for Logical, Analytical, Verbal, Abstract, Numerical, and Spatial reasoning.

★ Visualize patterns in non-verbal reasoning to enhance retention.

★ Practice with flashcards for syllogisms to strengthen logical deduction skills.

COMMON MISTAKES

✗ Rushing through questions without reading them carefully.

✗ Overthinking simple problems and missing straightforward solutions.

✗ Neglecting to practice different types of reasoning questions.

QUICK RECAP

General Intelligence and Reasoning is essential for SSC CPO exams. Focus on logical, verbal, and non-verbal reasoning skills to excel. Regular practice and understanding of key concepts will boost your confidence.
